Subject: Vote YES on HB 40

To the Members of the House Public Health Committee:

On April 7th, 2009, please vote YES on sending HB 40 to the full House for a vote.

- HB 40 supports the rights of Texans to full access to health care practitioners, healers, researchers, treatments, services, products and information of their choice.
- HB 40 stops unfair prosecutions of unlicensed practitioners and protects consumer access to them.
- HB 40 protects a citizen's right to pursue health while exercising his/her fundamental right to privacy, self-determination and freedom of choice.
- HB 40 is a common sense exemption solution which requires unlicensed practitioners to provide important disclosures to consumers and avoid prohibited conduct.

Thank you for supporting my right to choose the kind of health care services that best meet my family's needs.

Respectfully and gratefully,
